Between 350 and 400 high school athletes will compete in the scholastic track and field meet here May 3, early entries indicate. Coach H. F. Miller said this morning. More schools are entering the meet this year than before, and larger teams are being used. For that reason Coach Miller believes that when the entries close Saturday night he will have the largest entry list in the history of the meet here.

Kansas City Northeast, Kansas City Central, Kansas City Westport, Kirkwood, Bosworth, Nevada, Harrisonville, Republic, Carrollton, Golden City, Elsberry and Mt. Vernon have entered the meet. Teams of from twelve to fifteen men will represent the Kansas City schools, ten men will compete for Harrisonville, Kirkwood and Mt. Vernon, while the smaller schools are sending from two to seven men each.

Entry blanks from Joplin, Sedalia, St. Joseph, Chillicothe, Kirksville, Clinton, Trenton, Webster Groves, Springfield, Columbia and University high schools will probably complete the list.

A feature of the High School Day program will be a baseball game between Kirkwood High School and Kemper Military Academy at 9:30 o'clock that morning. The game will be a part of the entertainment for the visitors and all rooters for both teams, together with all contestants in the track meet in the afternoon will be admitted free.

Entries for the meet received thus far follow:

Kirkwood High School: 100-yard dash—Signor, M. Tibbitts, Sentenne, Newell. 220-yard dash—Tibbitts, B. Tibbitts, Newell. 440-yard run—Ambler, B. Tibbitts, Groschan, Newell. 880-yard run—Groschan, B. Tibbitts.

Suppose there were no more advertisements.....

Just imagine for a minute that some power could stop all advertising. How would that affect you?

It would cut you off from all direct, commercial news about things that you need and use in your everyday life. Somebody might be selling a new, better, more economical food; or a utensil that would save money and time; or an article that would add greatly to your comfort and well-being; or some better material for mak-

ing shoes or clothing—but you would never know it.

Merchants and manufacturers would be unable to tell you about new and better things. They would thus find it hard to put these things on the market, and often would not try.

Merchants, unable to tell you what they had to offer you, could not take the risk of buying goods for which they might have no customers.

"It pays to advertise." And advertising pays not only the advertiser and publisher, but *pays you too.* It keeps you informed about the things you need in order to live a profitable, happy and useful life in this age of progress.
